Comparative sentence writing task samples

1. Look at the infographic below, which is showing similarities and differences between 'nerds' and 'geeks'.

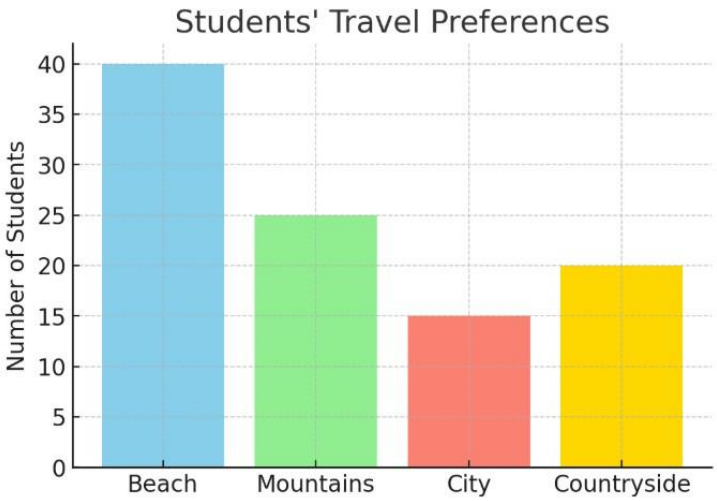

Your Task:
Write **six comparative sentences** based on the information.

2. Look at the table below. It shows the number of hours four students spend on different activities each week.

Activity	Rina	Arif	Laila	Samir
Studying	12	8	10	14
Sports	6	10	4	8
Watching TV	8	12	6	4
Sleeping	56	54	58	60

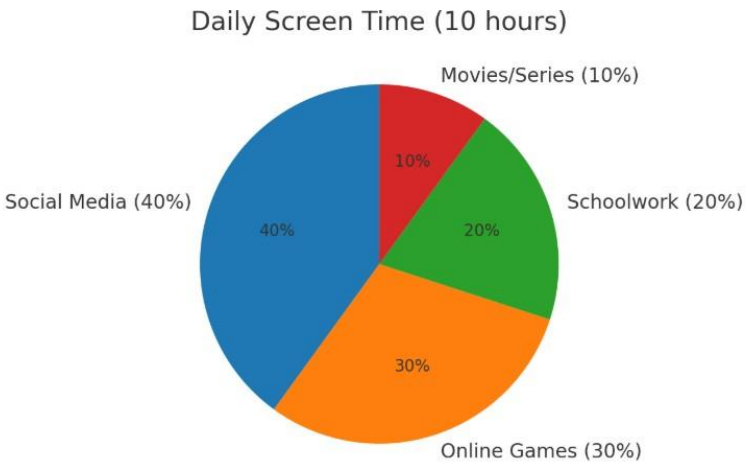

Your Task:
Write **six comparative sentences** based on the information on the table.

3. Look at the infographic showing how many students prefer different travel destinations for their vacation.

Your Task:
Write **four comparative sentences** using the information.

4. Study the pie chart below, which shows how one student spends 10 hours of screen time in a week.

Your Task:
Write **four comparative sentences** from the pie chart.
