Government Jobs and Private Jobs

Zarin, a university student, has prepared the following outline of the essay **"Government Job and Private Jobs"** for her English course's assignment. Have a look at the outline. Then, using her outline, write the essay in around 350 words.

You have to:

i. Write the introduction and conclusion within 50-60 words each.
ii. Write each of the body paragraphs in around 100-120 words.
iii. Underline the thesis statement, topic sentence, thesis restatement, and cohesive devices.

Also, you must use at least 3 in-text citations from the given extracts. Paraphrase and obtain proper APA format for the citations.
