SAMPLE FT QUESTION
ENG 1202/1209: English Writing / English Writing Skills and Communication

1. **Identify the types of weak arguments from the list** of different types of weak arguments provided below. There may be multiple instances of the types. **(3)**

Personal attack	Use of personal experience	Misleading statistics
Not considering alternative viewpoint	Hasty Generalization	Inappropriate comparison

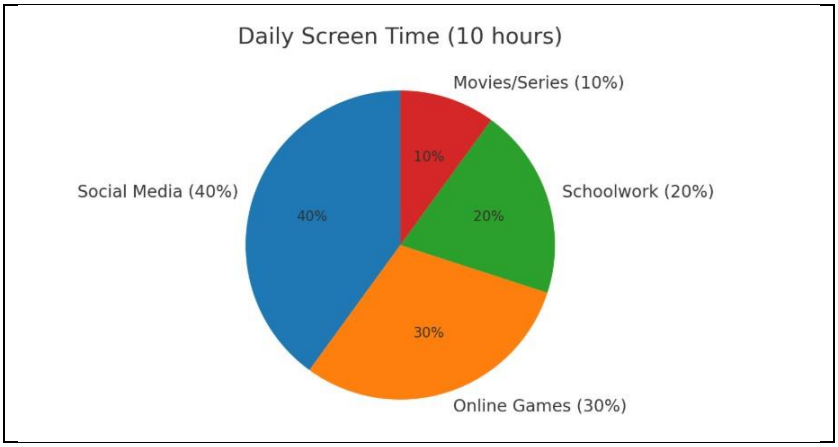

i. A couple of students struggled with the assignment, so it's safe to say the entire class is not grasping the material.
ii. 90% of students surveyed said they found the course easy, and the survey was conducted only among a select group of high-achieving students.
iii. The jury board needs to be provided with a criminal's past records because it helps to decide regarding that individual's latter verdicts.
iv. As Coca Cola is more expensive than Pepsi, Pepsi tastes worse than Coca Cola.
v. After observing the first week, it was found that 50% of the students understand the new material.
vi. I have lost 30 lbs. in one month following this diet plan, so it is the best diet plan.

2. **i) Match the expressions in Column A (1–4) with the expressions in Column B (i–iv)** to form cause-effect pairs. Write the corresponding letters (i, ii, iii, iv) next to the numbers (1, 2, 3, 4) in your answer script. **(2)**

   ii) Using the matched pairs, **write four meaningful complete sentences** that clearly show the cause and its effect, using appropriate cause-effect language. **(4)**

Column A	Column B
1. The implementation of interactive learning tools in the classroom	**i.** implementation of remote work policies
2. employees experienced a more flexible work environment	**ii.** Integration of customer feedback mechanism
3. Businesses experienced higher customer satisfaction and loyalty	**iii.** Applying collaborative project management practices
4. Teams within the company became more adaptive	**iv.** Increased student engagement

3. Study the pie chart below, which shows how a student spends 10 hours of screen time in a week. Then, based on the information given in the pie chart, **write five comparative sentences**. **(5)**

4. **Write the solutions of the following problems in one sentence each. (6)**
   i. Communication challenges have emerged among corporate job holders.
   ii. The company faced declining customer satisfaction.
   iii. Students reported difficulty accessing educational resources online.
   iv. The community faced increased traffic congestion during peak hours.
   v. Employees reported a lack of work-life balance.
   vi. Urban areas are experiencing a rise in air pollution.

5. Overfishing is the practice of catching fish from a body of water at a rate faster than the fish population can naturally replenish. This leads to a decline in fish stocks, disrupts marine ecosystems, and can threaten the survival of certain species.

Now, carefully study the following outline and based on it **write an essay in around 350 words on "Causes and Effects of Overfishing". (20)**

Outline

A. Introduction
B. Body
  1. Causes
     a. Rising consumption
     b. Fishing subsidies
     c. Illegal fishing
  2. Effects
     a. Socio-economic impact
     b. Impact on marine life
     c. Impact on global warming
C. Conclusion

You are required to:

- Write an **introduction** and a **conclusion**, each **50–60 words.**
- Write **each body paragraph** in approximately **100–120 words.**
- **Underline** the **thesis statement, topic sentences, thesis restatement,** and **cohesive devices.**
- **Include in-text citations** in proper APA format **using three extracts from the list provided below**.
